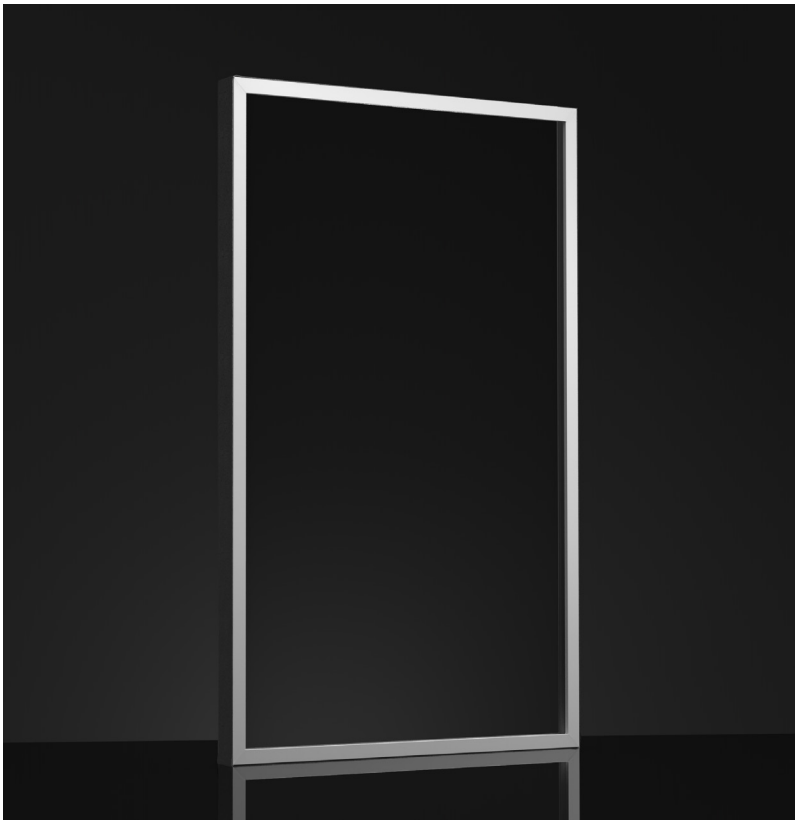
V250
Style Line® Series
Picture window

Featuring slim profiles and clean lines, the Style Line® Series picture window will give your home exceptional curb appeal. Plus, with its comprehensive array of color and grid options, this durable vinyl picture window can satisfy any taste. And when it's paired with operating windows from the Style Line® Series, you'll sit back in amazement at your home's stunning new look.



What you can expect

SLIM FRAME DESIGN

The V250 Style Line® Series picture window features a slim frame design that maximizes the glass area, allowing for more natural light and unobstructed views. The narrow frames provide a sleek and modern look while creating a bright and open atmosphere.

EFFICIENT VENTILATION

The V250 Style Line® Series picture window is designed with energy efficiency in mind. The vinyl frame and advanced glazing options, such as double-pane glass and optional Low-E coatings, help reduce heat transfer and improve insulation. This helps maintain consistent indoor temperatures, saving energy costs and enhancing indoor comfort.

DURABLE VINYL CONSTRUCTION

Made from high-quality vinyl, the V250 Style Line® Series picture window is known for its durability, and efficiency. Vinyl is resistant to moisture, warping, and corrosion, ensuring a lasting look and performance. The multi-chambered vinyl frames also improve insulation, making these windows a smart choice.

Engineered to perform

- Available in 1” or 1-3/8” nail fin setback, 1-5/8” Z-bar, block frame and block frame with sloped sill adapter
- SunCoat® Low-E2 glass coatings come standard on the V250 Style Line® Series for added energy performance with optional argon fill
- Multiple obscure glass options are available for you to choose from
- Dual-pane construction aids in noise control
- Designed for new construction or replacement applications
- The V250 Style Line Series comes with a Limited Lifetime Warranty

Max sizing

WIDTH	HEIGHT
143 ½"	143 ½"

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat Low-E	0.31	0.33	
SunCoat Low-E with Flat Grid	0.31	0.30	
SunCoatMAX and Argon	0.27	0.25
